

Propane Fire Training

Class Dates & Times

Propane Train the Trainer – Tuesday, March 3

Propane Live Fire Training – Thursday, March 5

Both Classes are from 6 pm to 10 pm

Propane Train the Trainer for Instructors – Tuesday, March 3, 6:00 PM - 10:00 PM

This program is for certified Instructors that would like to lead their department in training on the various Propane Props that are specific to the MAAC. We will review the MAAC instructor requirements and PowerPoint Slides before moving to the Propane Props and walking through the operation and controls for each prop. We will then conduct multiple live fire evolutions on each prop and discuss teaching points on options around the use of the props. Full PPE, SCBA and an extra bottle is required.

Propane Fire Training Night Burn – Thursday, March 5, from 6:00 PM - 10:00 PM

This program will consist of fighting fire on the various Propane Props. The class will have a short classroom session on properties and tactics of Propane fires with the rest of the time spent on the field fighting various propane fires. Full PPE, SCBA with an extra bottle is required.

As part of each class we will walk through the operation of a Propane Delivery Vehicle that will be onsite along with a discussion of the various valve arrangements on tanks and various types of Propane Cylinders.

IMPORTANT DETAILS

To register go to the MAAC Web Site under classes: <https://www.district1firetraining.com/>
